To whom it may concern,

This letter is in connection with early email on Sandy and its devastation. We are the Harford County School Nutrition Association a local chapter in the state of Maryland. We were fortunate to have been spared Sandy's wrath. We felt the need to reach out to our neighboring state in their time of need especially with the holidays fast approaching. We are sure things are getting back to normal somewhat, however enclosed you will find \$50.00 gift cards to be given to four of the still most needed students in their time of need for clothing, school supplies, etc. HCSNA would like to also send holiday greetings to all in Township of Union School district.

Karen Brindle

*Karen Brindle, President
Harford County School Nutrition Association*
