						There are two events that go together that I would like to attend. They are career fairs in trades for students. With the students I teach and my commitment to Work-Based Learning and Career and Technical Education, I am looking to attend these career fairs. I have scheduled meetings with the people who have organized them. I would ultimately work on having the school district partner with local businesses and trades and bring a trade career fair to Union High School. The two events go hand in hand, so I am submitting them together. There is no cost for either event for registration. I am putting the cost for travel, hotel, and meals simply because the forms asks for it. But, even if the payment gets denied I would be happy to attend the event and pay for my own hotel, travel, and meals.

Nelson-Piccott	LaToya	RTI/FES	TouchMath Certified Level 1 PD	6/9-9/30/2025	Virtual	The TouchMath Solution is the only explicit, multisensory math program that uses the numeral itself as a manipulative. Using TouchNumerals and TouchPoints with explicit and systematic math instruction lets students see, touch, say, and hear math in a whole new way. The TouchMath approach brings the Concrete-Representational-Abstract (CRA) continuum into practice, ensuring that students master concrete concepts before transitioning to representational and abstract thinking.	5000	Workshop to be paid with Title I/Title IIA/Title III/Title IV Funds (by I. Scocozza)	Ms. Isabella Scocozza Dr. Kira Baskerville	Director Principal	4/29/2025
