Multiple Disabilities

1. The IEPs of the students will be reflective of program placement. Their goals and objectives will be addressed in a less restrictive environment with proper supports and related services, by providing a full day Multiple Disabilities program at the high school level, rather than in an out of district setting. Therefore, there are no unmet student needs. The age range for this program will be from 17.5 – 21.5 years of age.
2.
 - a. The age range will be from 17.5 – 21.5 years of age. The class will have no more than eight (8) students (9 to 12 students with an aide).
 - b. The New Jersey Student Learning Standards will be met through the district curriculum.
 - c. If this class is not reestablished in district, then an out of district placement would be sought. If the class is reestablished in district with the updated age ranges, students can remain in district.
 - d. This program, per the IEPs of students, will provide the opportunity for students to interact with non-disabled peers.
 - e. One certified teacher will be needed. (9 to 12 students will require an aide in class)
