2/3/20

To Whom It May Concern:

My name is Alex Pedicini and I am the Technical Education Teacher at Union High School. Construction and 3D modeling are some of the topics covered in Tech Ed II. My classes have recently partnered with the CAPIC Cats in Raritan, NJ, which is a group of volunteers that go into local neighborhoods to help residents with feral/ free roaming cat problems. Often times they help solve the unwanted cat/kitten problem by trap/neuter/spay/return and adoptions. In order to support CAPIC and have my students apply the skills they have learned in class, I am looking to have my students construct 8 cat shelters to donate. In order to complete the project, we are in need of the following materials. We would appreciate it if you would be willing to donate all or some of the following:

Materials:

- 8x Sheets of  $\frac{3}{8}$ " 8'x4'plywood
- 8x 8ft pressure treated 2'x4's
- 1x 5lb boxes of 2" galvanized construction screws
- 1x 5lb boxes of 1  $\frac{1}{2}$ " galvanized construction screws

As a token of appreciation, at the conclusion of our project I will display a poster in our school lobby thanking Jaeger Lumber for your donation to support our students' learning experience and CAPIC Cats.

Thank you for your consideration,  
Alex Pedicini
