Isabella Scocozza  
Director of Instruction and Funded Programs  
Township of Union Public Schools  
855 Lehigh Avenue  
Union, NJ 07083

Dear Ms. Scocozza,

On behalf of the New Jersey Dental Foundation (NJDF), we are pleased to share that NJDF, in partnership with the New Jersey Dental Association (NJDA), is offering oral health kits at **no cost** to the following Union County elementary schools:

- Battle Hill Elementary
- Connecticut Farms Elementary
- Franklin Elementary
- Hannah Caldwell Elementary
- Jefferson Elementary
- Livingston Elementary
- Washington Elementary

Each oral health kit includes the following items:

- One Crest Sparkle Fun toothpaste
- One Sensodyne Pronamel Kids toothpaste
- One Oral-B toothbrush
- One educational card with proper brushing and flossing instructions on one side and a QR code on the other to help families locate a dentist.

These oral health kits are being provided as part of a national partnership initiative supported by the American Dental Association and the Consumer Healthcare Products Association (CHPA) Health in Hand Foundation. The rationale for selecting these seven elementary schools is outlined in the CHPA press release available at the link below: <https://www.chpa.org/news/2025/09/chpas-health-hand-foundation-launches-national-back-school-health-education-sun-safety>

The New Jersey Dental Association is a constituent society of the American Dental Association, and the supplies were shipped directly to NJDA for distribution. This effort

One Dental Plaza | North Brunswick, NJ 08902

Website: [www.njdentalfoundation.org](http://www.njdentalfoundation.org) | Email: [info@njdentalfoundation.org](mailto:info@njdentalfoundation.org)

is being coordinated locally in partnership with the Union County Dental Society to support oral health education and access for students in Union County.

NJDA will deliver the oral health kits directly to each school unless a school prefers to send a representative to NJDA headquarters to pick them up. We are happy to coordinate logistics in the way that is most convenient.

For questions or to coordinate delivery or pickup, please contact the NJDA program liaison, Gabby Rodriguez, 732-422-2728, Email: [grodriguez@njda.org](mailto:grodriguez@njda.org).

Please let us know how you would like to proceed. We appreciate the opportunity to partner in promoting oral health for students in your district.

Sincerely,

Mario Ramos, DMD  
Chair  
New Jersey Dental Foundation

Reva Brennan, MPA, CAE, IOM  
Executive Director  
New Jersey Dental Foundation
