Subject: Grant Acceptance for BH Garden

Hello Julia,

My name is Patricia Bogda and I am a third grade teacher at Battle Hill. We have been chosen to receive the grant listed in the email below. Mark said that we should submit it to the board so we can accept the donations listed. Please let me know if there is anything I need to do in order for this to be approved at the board meeting.

Thanks,

Patty

Subject: Project Learning Garden Grant

Hello Mrs. Wojcik,

Thanks for taking the time to speak with me this morning. We are happy to

let you know that your school has been selected through a partnership with Dole Packaged Foods and ShopRite to be the recipient of a Project Learning Garden grant.

This in-kind grant includes the following:

- * 5 raised garden beds or garden enhancement for schools with an existing garden
- * 3 standard based lesson per grade level
- * Curriculum Supplies (that go with all 3 lessons)
- * Mobile Cooking cart, fully equipped with everything you would need in a kitchen
- * Garden wagon and tools
- * Professional Development

We operate out of Atlanta, but we will be in town from May 14-20th with hopes to do a workshop at another NJ school (Camden Street School) on May 19th. Your teachers would be welcomed to attend that workshop, but we can discuss other options as well. We do ask that a teacher per grade level is trained on the program. If you wish to have a few more attend, that's fine too. The benefit of starting the program in May, is that teachers can write the garden into their curriculum plans for the upcoming school year.

You also have the option to start the next school year in the program. We would hopefully be able to schedule training and an install in September or early October.

I am sure you have questions and I would love to talk about all of them with you- the best way to reach me is on my cell: 678.612.3366 Looking forward to hearing from you soon! Here is a link to the Captain Planet website for your reference, www.captainplanetfoundation.org
