 Township of Union
 Public Schools

Dr. Benaquista I would like to formally request the donation for the use of two district school transportation busses and two drivers for a nine hour period (7:00am-4:00pm) on July 10th, 2024. The purpose of the transportation would be to transport the participants of our 2024 Junior Police Academy Program to a tentative destination in Point Pleasant NJ.

The goal of this program is to build a strong working relationship with the youth of Union and Law Enforcement. The participants of this program are students of the Union Public School system, and as in the past we accept the graduating class of Jefferson School for this program. I would like to thank you and the Board of Education for your anticipated cooperation in this matter.
