hours ago)

Hi Diane,

I have two assemblies that Kim Marano, our guidance counselor, has scheduled and I'd like you to please add them to the next board agenda. They're both for PBSIS.

The Brain Show Assembly for Pre-K to 4th is scheduled for June 4, 2024 in our auditorium. I don't have a little blurb for you but I know this same assembly has been done in the past. It just says it's an educational assembly program. The cost is \$2,250.

The Brain Show is an authentic educational trivia game show with the unique look and feel of a real live TV game show. Even the audience gets involved. The stars of the show are the contestants. We have found a way to get many people to participate on stage in a one hour period. Magic Touch Entertainment has been an innovator in the entertainment industry for over 26 years.

The Magic In You! for Pre-K to 4th is scheduled for December 5, 2024 in our auditorium. It's also just listed as an educational assembly program. The cost is \$1,495.

The Magic In You! is an educational school assembly that helps kids develop a winning personality. In 45 minutes the character education school assembly will teach the students the value of being respectful, honest, and having empathy.

Thanks so much! Have a great day 😊
