ADDENDUM TO DATA SHARING AGREEMENT

New Jersey Universal Literacy Screener — Direct Vendor Data Submission

Amira Learning, Inc.

This Addendum (the "Addendum") is entered into as of

(the "Effective Date") by and between **Township of Union School District** (the "LEA") and **Amira Learning, Inc.**, a Delaware corporation with offices at 490 Post Street, Suite 500 PMB 2538, San Francisco, CA 94102 ("Provider").

RECITALS

A. The LEA and Provider are parties to an agreement under which Provider delivers assessment and instructional services to the LEA, together with any data sharing or privacy agreement executed in connection with it (collectively, the "Agreement").

B. Pursuant to P.L. 2024, c.52 and by broadcasts dated August 19, 2026 and September 16, 2026, the New Jersey Department of Education (the "Department") requires LEAs to administer universal literacy screeners to students in kindergarten through grade 3 three times per school year and to submit student-level screener data to the Department following each screening window, and offers a Direct Vendor Submission option under which a participating vendor may submit that data to the Department on behalf of the LEA pursuant to an addendum to the vendor's contract.

C. The LEA wishes to direct Provider to submit Screener Data to the Department on the LEA's behalf, and Provider is willing to do so on the terms set out below.

NOW, THEREFORE, the parties agree as follows:

1. Definitions

1.1 "Screener Data" means the universal literacy screener results, and the associated student and administration identifiers, that the Department requires to be reported for a Reporting Window, as described in Exhibit A.

1.2 "Reporting Window" means each of the Beginning-of-Year, Middle-of-Year and End-of-Year reporting periods established by the Department.

1.3 "Student Data" has the meaning given in the Agreement. Screener Data is a subset of Student Data.

2. Authorization and direction

2.1 The LEA directs Provider to submit Screener Data for the LEA's students to the Department for each Reporting Window during the term of this Addendum. This Addendum constitutes the LEA's written direction and authorization for that disclosure for purposes of the Agreement and of 34 C.F.R. § 99.31.

2.2 In making each submission, Provider acts at the direction and on behalf of the LEA, as a school official with a legitimate educational interest under the LEA's annual notification of rights. The LEA remains the educational agency responsible for the education records submitted, and the disclosure to the Department is a disclosure by the LEA made through Provider.

2.3 Provider makes no independent determination as to whether the Department is authorized to receive the Screener Data. The LEA represents that it has satisfied itself of the Department's authority and of the LEA's own authority to direct this disclosure.

3. Scope of the submission

3.1 Provider shall submit only the data elements listed in Exhibit A, and only for students of the LEA who have been administered the applicable screener through Provider's services.

3.2 Provider shall not include any data element not listed in Exhibit A. Where the Department's file specification changes, Exhibit A shall be amended in writing before any changed element is submitted.

3.3 Provider shall not disclose Screener Data to any party other than the Department under this Addendum, and shall not use the fact or content of a submission for any purpose other than performing this Addendum.

4. Reporting windows and method

4.1 Provider shall make each submission through the secure file upload method specified by the Department, in the format the Department specifies, by the following dates or such other dates as the Department sets:

Reporting Window	Submission due
Beginning-of-Year (BOY)	November 13, 2026
Middle-of-Year (MOY)	February 12, 2027
End-of-Year (EOY)	July 2, 2027

4.2 Each submission shall be made in .xlsx format with all grades included in a single file, in accordance with the Department's published file requirements. Provider shall transmit Screener Data using encryption in transit and shall not transmit Screener Data by unsecured email.

4.3 Within five (5) business days after each submission, Provider shall confirm the submission to the LEA and, on the LEA's written request, provide the LEA with a copy of the file submitted.

5. Responsibilities of the LEA

5.1 The LEA shall complete the Department's "Universal Literacy Screener Data" form identifying Provider as the party responsible for submission, by the date the Department requires.

5.2 The LEA is responsible for the accuracy and completeness of the roster data, State Student Identifiers and school and LEA codes it provides to Provider or causes to be provided. Provider submits the data held in its systems for the LEA and does not independently verify State Student Identifier assignment.

5.3 The LEA shall notify Provider in writing of any change to the LEA's participation, to the students in scope, or to any direction given under this Addendum, with reasonable advance notice of the applicable Reporting Window.

6. Relationship to the Agreement

6.1 Except as expressly set out here, the Agreement is unchanged and remains in full force. All protections in the Agreement applicable to Student Data apply to Screener Data.

6.2 In the event of a conflict between this Addendum and the Agreement, this Addendum controls, and only with respect to submissions to the Department described here.

6.3 Where the LEA acquires Provider's services through a reseller, distributor or other channel partner, this Addendum is entered into directly between the LEA and Provider for the limited purpose stated here, and does not alter the commercial terms between the LEA and that party.

7. Term and termination

7.1 This Addendum begins on the Effective Date and continues until the later of the close of the End-of-Year Reporting Window for the 2026-2027 school year and the termination of the Agreement, unless terminated earlier under Section 7.2.

7.2 The LEA may withdraw its direction under Section 2.1 at any time on written notice to Provider, in which case Provider shall make no further submissions and responsibility for submission reverts to the LEA. Withdrawal does not affect submissions already made.

7.3 Sections 2.2, 3.3 and 6 survive termination.

8. Notices

Notices to Provider under this Addendum shall be sent to trust@amiralearning.com. Notices to the LEA shall be sent to the contact identified below.

EXHIBIT A — Screener Data elements

The submission consists of Provider's standard assessment data extract for the LEA, with district and school code columns added. The file uses the column headers and column order of that extract so that a file submitted by Provider on the LEA's behalf is structurally identical to one the LEA submits itself. The First Name and Last Name columns are retained for that purpose but are transmitted blank. Nothing outside this Exhibit will be submitted. If the Department publishes a revised file specification, or if Provider's extract changes, this Exhibit shall be amended in writing before any changed element is submitted.

Category	Fields
Added for this submission	**District code; School code**
Organization	schoolID; districtId; District; School; Class

Column present, no data transmitted	**First Name; Last Name**
Expressly excluded	**Any field not listed above**

Provider shall not populate the First Name or Last Name columns in any submission under this Addendum. Those columns are included solely so that the file structure matches the Department's expected layout.

Note on identifier linkage: Provider links assessment results to the State Student Identifier supplied by the LEA through rostering. Provider does not assign, derive or validate SIDs.

Note on parent notification: the LEA's obligation to notify parents or guardians of screening results within 30 days of the close of each screening window remains the LEA's and is not undertaken by Provider under this Addendum.
