SD Gameday will document all injuries and treatment rendered by Certified Athletic Trainers. Our recommendations regarding any player's injuries will overrule any opinions of a manager, coach, player or parent. Once the injury evaluation occurs, the Certified Athletic Trainer may treat the player and or ask the parent to seek emergency room evaluation or medical evaluation for the player. In the event of catastrophic injury, 911 will be called immediately for ambulance transport to the nearest hospital. If a player is removed from a game, the Certified Athletic Trainer must give clearance to the head coach before the player reenters the game. If a parent/coach/manager refuses the recommendation or treatment of the Athletic Trainer, the Athletic Trainer is not to be held liable for any damages.
